## **May Meeting Report**

The May meeting was held at Silver Lake in Wilmington, MA. The weather was very nice, and we had a good turnout, with a lot of boats.

Members in attendance included:

Arthur Perlmutter, Alan Beeber, John Cooper, Bob Prezioso, Ed and Linda Arini, Bob and Johanna Okerholm, Bill Michaels, Shaun Kimball, Charlie Tebbets, Gaspar LaColla, Ben Amato, and Mike Fioretti. We also had a visitor, Ewgen Nychajlowskyj from New Haven, CT.

**Arthur Perlmutter** brought along his current project: A Sand Barge Tender, a boat he saw in Florida. The boat works with a sand barge, dredging up sand from the ocean bottom for use in repairing beach erosion.

**Vinnie Caccamesi** is our contact at the Town of Wilmington-- he is the guy that gets us access to the beach for our events. He brought along his granddaughter Brianna, who had a nifty little RC Duck Tours boat/truck. The model could run on the ground and in the water. Brianna had fun driving it down the beach and into the lake, and then sailing around.

**Gaspar La Colla** had a bit of a bad day. He had brought along his USCGC MONOMOY, a 110' Patrol Boat, and it suffered some damage when it fell off the cradle during a hard stop on the drive to the lake. The entire mast came loose at the base. It fell over on its side and was only held in place by all the flag halyards. Gaspar said it shouldn't take too long to fix...

Visitor **Ewhen Nychajlowskyj** brought along a beautiful wooden fishing boat. The model started out as the Artesina Latina kit of the Helene, but Ewhen added a lot of very nice scratch-built detail to the model.

**Shaun Kimball** has nearly finished his repaint of his Goliath Tug in USCG Colors....

Charlie Tebbets (L) and Bob Prezioso checking out Charlie's Chris Craft. Looks like they are both happy that it is finally warm enough to go wading without boots!
